

First, check with your child's reading teacher to know your child's reading level.

Then to determine if a book will have an AR test for it BEFORE buying or reading, go to the Renaissance Learning web site at www.renlearn.com.

Click on: **Store/Quiz Store/Quiz Search**

Search for your book by title, author, or ISBN number.

Note: Search information must be accurate. If your search information is keyed in incorrectly, it may show there is no test for your book when there actually is a test.
